

THE DISNEY STRATEGY

7th Annual Entrepreneur's Retreat
April 30 - May 2/10 at Brew Creek Lodge

Creative Leadership Walt's way....

Walt Disney said; **"Every company needs a Dreamer, a Realist and a Critic."** He believed that each point of view had a useful and integral role to play for him to lead his company effectively. But can a small business adopt his approach? **Yes!** All of us have these roles within us and the conscious use of them can enhance planning and problem solving.

At this workshop you will learn about:

- ◆ Disney's mantra 'Dream, Believe, Dare, Do' and how he used this to launch and lead his media empire.
- ◆ How Walt consistently enjoyed success, and you can too!
- ◆ The 'Business as Show Business' approach to leadership.

It's a fun, creative way to run a business and Lynn will show you how to harness its strengths to power your business forward.

WBO Chairman's note: *We've designed this for busy entrepreneurs with limited time or budget. Be taught by a top industry expert who has a passion for elevating women to succeed, in the relaxing yet stimulating environment of Whistler - all at an amazing price. Don't miss it!*
